Supply in Kadambanadery

4 Applications for Irrigation wells and Bungalow appear to be frequent. When once a building grant is sanctioned this also, I believe, means that we ask for an annual grant.

5 For purposes of reference I have sent herewith the ~~marginally noted~~ case files relating to the Vengapalamanay Irrigation Tank and the Mallikarpuramanay Irrigation Bungalow.

6 In both the case a modest beginning was made, but now a more ambitious scheme having been launched the work should be pushed and though further sanctioned money and it is doubtful if the work will be completed.

7 In the present case therefore I consider a plan and estimate for a bungalow on a modest scale is prepared; but it is likely that more funds will be needed for outhouses &c &c.

8 In the case of the Vengapalamanay Temple repeated applications are being made on the ground that we first spent Rs 40 and then spent Rs 1000 on the construction of the channel. Rao Bahadur Mr Madhiah is of opinion that such applications should be discouraged but that a

Serial No.

Mr. Lewis should be asked to arrange for the adoption if necessary distributed over a number of years. Sir Krishnamachi, the Law Member, has been of the same opinion.

It seems to me that when private contributors come forward with money they must have some efficient control over the work being done. If the work is entrusted to the P. W. Dept. or Municipal Dept. for the drawing and estimates with an opportunity of criticising their plans and estimates can depend upon a building being erected according to plan and estimate.

Otherwise i.e. if the drawings are to be left to the Local and Municipal Boards may be subject to much unnecessary applications.

9 The drawings may be insisted to obtain from private contributions when arrangements may be made for private contributions after execution of the works by public Agency.

NOTE—Contn. sheet.

GPB—50,000—13 5 08

To

The Muzarai Superintendent in Mysore,

B A N G A L O R E.

Sir,

I the undersigned respectfully beg to approach you with the humble request that this prayer may be kindly recommended to Government for favourable consideration and early orders.

2. Casually I had occasion to see a Vigraha of Sri Angeeneya in a dilapidated mantapa in the Kenchenapura Government Plantation (State Forest) Nelamangala Taluk. I was informed by aged men in the vicinity that there existed a big village by name Horigandahosahalli on the spot the residents of which consecrated the Vigraha one century ago to which extensive Inam lands were endowed, that nearly sixty years after, the village became bechirak and the lands came to be treated as Government waste, no body bringing forward the claim of the temple.

Government having introduced the formation of casuarina plartations the Kenchenapura plantation came into existence about 1881 wherein the village site of the bechirak Horigandahosahalli, lands thereof and the temple itself were included.

Having become anxious to revive Puja of this Sri Anjaneya Deverru once in ~~every~~ very prospering circumstances the permission of the Conservator of Forests in Mysore was sought to remove the Vigraha to Malleswaram. That Officer kindly granted the request. vide copy of endorsement enclosed.

3. The inhabitants of the Malleswaram Extension are all Government Officials and as such feel inconvenienced a lot when religious ceremonies are to be performed where a priest is a necessity. To invite him to come from Petta which is 3 miles away and to expect his arrival for hours together are very inconvenient. Disappointments in several instances have caused serious consequences. To induce a pious priest conversant wit

with Yagnika etc. to reside in the extension has been ~~ever~~ our constant aim ever since we set foot on the Malleswaram soil. A common meeting place for him and the interested residents of the extension on such holy occasions as Vyasa Puja, Upakarma and such like has been indispensible.

To accomplish these twofold objects viz., to erect a temple for the consecration of the deity referred to which is beyond the means of any single person of ordinary means and appoint a person of the stamp alluded to in para 2 for worship therein and for being readily available in the Extension, a subscription list was circulated which has for the present brought in Rs.500/- as per accompanying list; with this sum the work has been started on the site graciously granted by Government as per their Proceedings No.9615-8/Mul.298-08-7 dated 2nd April 1909; but it is found not possible to complete the temple with that amount, and as such I pray that you will be so kind as to move Government to sanction a building grant of a like amount from Muzrai Funds to enable us to finish the building and perform the Pratiste in Jesta Bahula next. I beg to submit that the project is calculated to afford relief to a few atleast of the famine stricken men who have come into Bangalore in search of labour from neighbouring affected Taluks while the Sri Anjaneya Swami Temple is one of the necessities of a promising new Extension and is attended to by all Hindus alike.

Rough plan & Estimate enclosed.

Hoping to be excused for intrusion.

I beg to remain,

Sir,

Your most obedient servant,

Malleswaram,
8th April 1909.

W. Adlerbeth

The Secretary to Government
of His Highness the Maharaja of
Mysore Bangalore

Sir,

In obedience to your endorsement No 1783 Misc 561-08-2 dated 3d May 1909 re Sri Anjaneyaswami Temple at Malleswaram, I beg to state that I do hereby bind myself to execute the construction of the temple and Archakas quarters under the supervision of Govt Officer or Officers that may be deputed by Govt and to complete both the temple and quarters within the sum of Rs 1500/- half thereof being met by devotees and half by Government.

2 Owing to present season of distress the devotees, however enthusiastic they may be, feel it hard to pay the promised amount in one lump sum and have expressed their willingness to pay the same in two or three instalments and we thought it reasonable to yield to their request especially in the case of large amounts. Rs 250/- were accordingly collected and, prior to the receipt of the Govt Order, laid out in the purchase of materials such as dirja stones, stone pillars and timber (windows & door shutters) which are on the site available for inspection and valuation by any officer that Govt may be pleased to depute. I humbly

request that Rs 250/- may now be kindly given as a 1st instalment equal to the amount collected from devotees and remaining on hand in cash the shape of materials, to push on with the work In the meantime the 2nd and 3rd instalments of public contributions will be collected and produced. As the foundation ceremony is intended to be celebrated in Jaffna Kahula I shall early and favourable Orders of Government

For this act of kindness I shall ever feel grateful

I beg to remain
